

LRH EDs - THE BLUE VOLUMES – EXECUTIVE DIRECTIVES (EDs)

All EDS were to be published with dark blue text on a light blue paper.

This is a complete copy of the "Original LRH EDs" or Blue Volumes as issued by Bridge in 1983. Posted on the alt.scientology.newsgroup in the mid-1990s. reformatted to PDF beginning in March, 2019 by The Advanced Organization of the Great Plains. (ao-gp.org)

The full contents for all 28 parts posted is in part 1.

The volumes were divided into a set of three, and subdivided into the classes of EDs:

INT = International

WW = World Wide

SH = Saint Hill, etc.

Then, placed in reverse order (latest first) within type. This was quite confusing because of some EDs being in multiple classes with different numbers in each class.

We rearranged everything in date order (earliest first) to give a better historical perspective and make these easy to find by date. The original table of contents is included in part 2 and the original page numbers are in "[]" at the beginning of each ED.

See IMB 5 in part 2 for an explanation of the 3 Series of ED numbers and a list of valid (but expired) EDs not included. See LRH ED 345 INT in part 28 for a list of cancelled LRH EDs that were not included.

These are only the EDs that are in the Blue Volumes.
