

iPhone 16 Cases Now Available At Campad Electronics

The iPhone 16 represents the pinnacle of smartphone technology and protecting this valuable device is paramount. Campad Electronics offers a wide array of iPhone 16 cases that combine style, functionality and durability, ensuring your phone is well-protected while maintaining its sleek design.

Charging and Expansion

The iPhone 16 features a USB-C connector that supports multiple functions, including charging, DisplayPort and USB 2 with speeds of up to 480Mbps.

Power and Battery

The iPhone 16 has a built-in rechargeable lithium-ion battery that provides extended usage. It offers up to 22 hours of video playback and up to 18 hours of video playback when streamed. Audio playback can last up to 80 hours.

Wireless Charging and Fast Charging

The iPhone 16 supports various wireless charging standards, including MagSafe wireless charging up to 25W with a 30W adapter or higher, Qi2 wireless charging up to 15W and Qi wireless charging up to 7.5W. It is also fast-charge-capable, allowing for up to 50% charge in around 30 minutes with a 20W adapter or higher paired with a [USB-C charging cable](#), or a 30W adapter or higher paired with a MagSafe Charger.

iPhone 16 MagSafe

The iPhone 16's MagSafe feature offers wireless charging up to 25W with a 30W adapter or higher. It also includes a magnet array, alignment magnet, accessory identification NFC and a magnetometer, providing a seamless and efficient charging experience.

iPhone 16 Cases

At Campad Electronics, you can find cases that cater to every taste and requirement. Whether you're looking for the latest in MagSafe technology or robust protection against everyday mishaps, the [Campad Electronics iPhone 16 case](#) collection has something for everyone.

OtterBox Defender Case

One standout option is the OtterBox Defender series, renowned for its rugged protection. These cases are designed to withstand the toughest conditions, offering multi-layered defense that includes a solid inner shell and a resilient outer slipcover. The OtterBox Defender is perfect for those who need their phone to endure drops, dust, and the rigors of an active lifestyle without compromising on access to ports and buttons.

Cygnett AeroMag Magnetic Clear Case

For those who prefer a touch of elegance and functionality, the Cygnett AeroMag Magnetic Clear Case is an excellent choice. It not only provides MagSafe compatibility for seamless accessory attachment and charging but also features a crystal-clear design that highlights the iPhone 16's aesthetics. This case offers a perfect blend of style and protection, with its shock-absorbent TPU frame and scratch-resistant properties making it a reliable everyday companion.

Case-Mate Karat Series Case

Case-Mate also offers a variety of stylish and protective cases, including their popular Karat series. These cases feature eye-catching designs with embedded metallic elements, adding a flair of sophistication while ensuring your phone stays safeguarded against scratches and bumps.

In addition to the impressive range of brands and styles, [Campad Electronics](#) makes shopping for your iPhone 16 case convenient with their commitment to fast delivery across Australia. Their extensive selection ensures you can find the perfect case that not only protects but also enhances your phone's look, catering to both practical needs and personal style.

Protecting your iPhone 16 doesn't mean sacrificing its sleek design. With options like the OtterBox for rugged environments, the Cygnett AeroMag for tech enthusiasts, and the stylish Case-Mate designs, Campad Electronics provides the ultimate solutions for keeping your device safe and stylish.

Explore their collection today and find the perfect case that suits your needs and reflects your personal style.
