I've decided to just ramble on , on this page and try to let my true feelings show through about how I feel about this world of ours , all about the wrongs and the rights that we are made to feel obliged and thankfull for even though their are ours by right of birth such as the huge forests , the blue sky , the blue sea , green grass, yellow sun , the warmth of a summers day , the biting cold yet excitement felt on a snowy fresh frost bitten winters morn , the new flowers in spring and the many shades and patterns of falling leaves in the autumn , a childs laugh , a lovers smile , a mothers pleasure in her young , a fathers pride , all this ours yet we are more and more faced with high rise concrete flats which show no life feeling or love no matter what time of year . The worry of a woman walking the streets at night , the worry of a man walking the streets at night , the abattoir , the factory farm , pollution , car exhausts , nu-killer energy . Threat of war , threat of eviction . Always striving to fit the mould their mould , always striving to better yourself financially rather than emotianlly , the pressure in living up to your role in life as the dominant male or the submissive female . Called weird for being a vegetarian a poof if your a man and you try to show your true feelings to something or someone . The hate and mistrust felt to those who we don't know always treating strangers with suspicion rather than greeting them with open arms . It is this mistrust and suspicion which governments feel for government it is this mistrust which throws us into war with other nations . Take away these feelings and replace them with love understanding and trust and we have the basis for a new world . Try to pick out peoples good points rather than mock their inadequences . TRY , the ultimate word for we must all try if we are to clear up this shit . Don't accept all this work maketh the man bull shit that they throw at you . But who are they . They are your next door neighbour , your pals down the pub the council the government god . If we really look around and see what is going on around us it is really depressing , but we can find stimulants in each other , in each others actions . We can ultimately stop their destruction of the rain forests for profit , we can stop their raping of the worlds resources for greed . But first we've got to stem the flow of greed that we ourselves feel when we walk past the shop front and see all the things that are shown in the adverts . The things they tell us we need if we have achieved any thing in life , the 26" telly a video recorder a stereo hi fi a 3 piece suit a 5 bedroom luxury villa in Spain power over other people , the power to crush main and hurt FUCK ALL THAT , dig deep find the real you , you don't need that shit , thats just a myth , their myth . Thats how they keep us in line . When we are using all our energy getting our BMW car we're not questioning the rules , rather we're holding them together , binding them together with our sweat , holding them together with our tears . Look not for consumerism but rather for peace of mind , truth , love , acceptance of your innerself and not the yet unbroken mould around you . QUESTION - does it have to be this way ANSWER - NO , but it takes me and you to see what the world really could be , to see what we really could achieve with our lives . Not as they would like to see it , a giant factory with us all toiling on the factory floor so as they can gain the profit that they so strive for . All of us blue overalled work men/women , stripped of all freedom and individuality . Will you let them do this to you , your loved ones , your children , I HOPE NOT

PUNK IS DEAD...

Since 1978 when feeding of the 5000 was first released the punk movement has veered from a fashion trend to the more politically motivated that we now see before us today. Apart from the early 70's, punk has mainly been about musical reform rather than just another money grabbing scheme that so many good ideas deteriorate into.

The amount of fanzines ('orrible word that) available now is fantastic and the amount of tape / record distributions which are independantly run and funded is also fantastic and just goes to show that we are not willing for consumerism eat away at punk like it has to every other aspect in life today.

But where punk falls short is that no matter how much feeling is poured into our songs whether it be on stage, record, or tape it is still only people singing, for punk to become a force in bringing around change it needs you to get up off your arse and do something about the shitty system which surrounds us today.

THINK what is it that punk songs mainly deal with, anarchy, or some other form of personell politics. Animal rights, human rights, pain and suffering around the world caused by greedy inhumane governments. Nuclear power, the unneeded destruction of our world for profit and greed, warfare, the destruction of lifes homes and families all for pathetic power. these songs are meant to motivate you into action so be motivated.

The number of things you can do is staggering. Easy things such as sending off to the ALF SG or BUAV for leaflets (along with donation) and then distributing them around your town. Going on marches, this may seem pointless and a waste of time but they can still get across a message to people on the street. Spray painting can be very affective as long as it's not the shitty KILROY WAS 'ERE or FUCK YOU that can be seen in any tunnels or walls. Writing on factory or shop windows can put across your message very strongly. Can you imagine eating your double death burger in your local wimp only to see MEAT MEANS MURDER scrawled on the window, it may not make people immediate vegetarians but it may make them think a little bit more about what it is they're eating. A buisness man giving contracts out to buisnesses walking into a factory and noticing THIS COMPANY INVESTS IN APARTHEID on the wall. you never know it might just make him give the contract to a different company, at least the passing public will suss the company anyway. Gluing up locks off such establishments is another good idea and can cause lost trade, hassle and embarasment to the manager while only taking a minute or two to do.

Other things are more risky and take a lot of planning before they can be carried out. Arson can be very dangerous and there is no point in doing it if there is any chance of any one getting hurt (unless it's a pig station your burning down HA HA HA). Raiding laboratories, smashing widows (can be heard from a distance), trashing vans of corporate companys or butchers. But always remember to scrawl something near by or your good work will only be taking as mindless vandalism.

Most of these things can be done without much risk off getting caught as long as they are planned out and a getaway route is mapped out. If there is more risk off getting caught than not getting caught then don't do it. BE CAREFULL BUT DONT BE

APATHETIC.

NICARAGUA

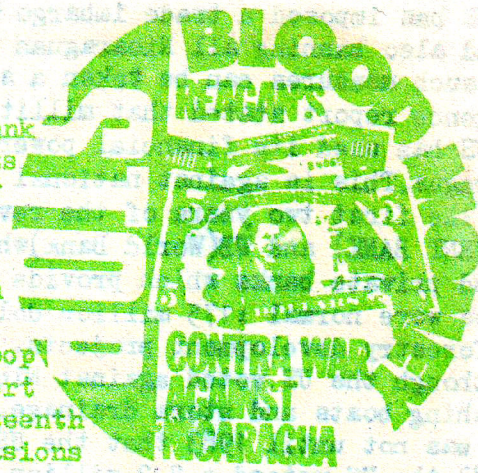

As I have said elsewhere in this zine, the big thing in punk today is animal rights, but in all this hysteria human rights have taken a back seat. What this article is for is to hopefully make you think a bit about the rights being denied to Nicaraguans by the good ole U S of A

Nicaragua has been the scene for invasions from outside countries since the start of the century and even before that. After invasion by the british (how often does our country pop up in history's darker side) then the spanish and after a short spell of liberation and self rule in the start of the nineteenth century America invaded in 1909 soon to be followed by invasions in 1912-25 and 1927-33. Though the USA have not had armed forces holding control over Nicaragua since 1933 it had virtually held control through a tyrant family called SOMOZA. The somoza family ruled Nicaragua with full US backing. It was to be the worst 40 odd years in Nicaraguan history.

It wasn't until 1979 that the sandinista rebels ousted the Somoza family and in this bloody battle Somozas airforce bombed hospitals, schools, homes, factories causing untold financial and economic damage. They did not care about the people of Nicaragua all they cared about was the power given to them by the USA to govern over the Nicaraguan peasants.

All this time America was happy as they were pulling the strings to the Somoza puppets. It was in 1979 that these strings were cut NICARAGUA WAS FREE.

The USA have held control over central america for a long time and it does not like its hold being broken. Claims that Nicaragua had fallen into a Soviet orbit are shown to be nothing but lies and a cover to ensure western agreement with the non-stop battle with the FSLN (Sandinista national liberation front). The table below shows where aid for Nicaragua has come from

MULTILATERAL 25%

INTERNATIONAL 28%
REGIONAL 72%

BILATERAL 75% (IE COUNTRY TO COUNTRY)

WESTERN EUROPE 14%
NORTH AMERICA 4.5%
LATIN AMERICA 41%
AFRICA & ASIA 7.5%
SOCIALIST COUNTRIES 33%

As you can see help has come from all over the globe. The cover put up by America seems to have worked when you look at western Europe's feeble amount of aid. Taking into account that this is one of the richest areas in the world 14% of all aid does not add up to very much. Question: why. America pulls to many important strings in this area for the governments to dare put America's nose out of place.

Since Ray-guns inauguration in 1981 the economic destabilization campaign against Nicaragua has accelerated in no uncertain terms.

- * In february 1981, one month after reagans inauguration, he blocked the remaining 15 million dollars of the carter administration's 75 million aid and credit package.
- * In march 1981, reagan cancelled a 9.6 million dollar credit for wheat purchase in a blatant attempt to provoke food riots. Nicaraguans responded with a massive demonstration against US interference. Within months the loss of wheat was made good by donations by Argentina, Bulgaria, Canada, Sweden and the Soviet Union.
- * In september 1982, Standard fruit pulled out of its agreement to market Nicaraguan bananas with three years of their contract still to run.
- * In may 1983, the US reduced the quota for imports of Nicaraguan sugar by 90%, from 58,000 tons to only 6,000 tons

The US has imposed a trade embargo stopping all imports exports between themselves and Nicaragua and also banning all Nicaraguan planes and ships from entering US territory. Under US law before such measures can be taken a state of emergency must be imposed against a nation. A US intelligence report stated that military build up in Nicaragua was defence orientated. The US has used its financial power to bribe international bodies against loans and credit to Nicaragua. This is against national law.

* In the first two years of the revolution, Nicaragua's relationship ^{WITH THE} IADB (Inter American DEVELOPMENT BANK) and WB (World Bank) which finance long term development projects and also the IMF and private banks which provide short term credit to overcome balance of payment difficulties were normal: 175 million dollars was received for agricultural, water supply, health and forestry development projects.

* Although the US voted against Nicaraguan loans from 1981, both WB and IADB agreed credit for fishing boats and storm drainage.

* It was not until 1983 that the US started to use its full financial power: the VETO. In June 1983 the US vetoed a 2.2 million dollar IADB loan for a project to build roads to open up the more inaccessible coffee growing areas. The US publicised its policy of no loans unless the Nicaraguans revitalize the private sector and improve the public sector. Although the FSLN agreed with these objectives, the blocking of loans obviously guaranteed that they would almost prove impossible to implement.

* In October 1981 the WB gave Nicaragua a vote of confidence; 'Nicaragua will indeed be able to enhance the social situation of its citizens'. But in 1982, the WB changed its policy and since then no more loans have been approved. One can only conclude that US political pressure was behind the policy U-turn.

* US pressure and use of its veto meant that in 1984 Nicaragua was the only Latin American country not to receive money from the IADB.

* In January 1985, George Shultz wrote to the IADB making the position clear; if the IADB even considered a Nicaraguan application for an agricultural loan of 58 million dollars, the US would think seriously of withdrawing all financial support to the bank.

* In the autumn of 1983, Nicaragua applied for assistance to the IADB to improve its fishing fleet. The US proposed an unusual and unheard of condition. Nicaragua had to guarantee sufficient fuel for the fleet. Just prior to the application, an oil pipeline had been destroyed by the contra at Puerto Sandino. Within weeks the contra attacked the main Nicaraguan port of Corinto with clear CIA and US navy involvement and destroyed 1.6 million gallons of oil in storage tanks.

* All Latin American countries oppose the US moves to politicise the IADB which includes in its constitution, article VIII(5)(f) "The bank, its officers and employees shall not interfere with the political affairs of any member, nor shall they be influenced by the political character of the member or members concerned."

* Reagan ended Export-Import bank guarantees for Nicaraguan trade.

* Insurance from overseas private investment corporations, which helps investment abroad with guarantees against political risk, was halted.

* In June 1983, Washington closed Nicaraguas six consulates in the US, blocking contacts with the Nicaraguan government and trade officials.

* The main objective of the CIA mining of Nicaraguas ports in February 1984 was to intimidate international shippers and any company that traded with Nicaragua. The mining of ports and attacks on oil installations, halted within weeks by an international outcry (including the UK government), resulted in a 35% increase in petrol prices in Nicaragua with a serious knock on effect on inflation.

* When the European foreign ministers met in San Jose, Costa Rica, to increase European influence in Central America and boost the Contadora peace proposals, George Shultz, US secretary of state, wrote urging them to withhold political and financial support from Nicaragua, another attempt to exclude Nicaragua from regional initiatives.

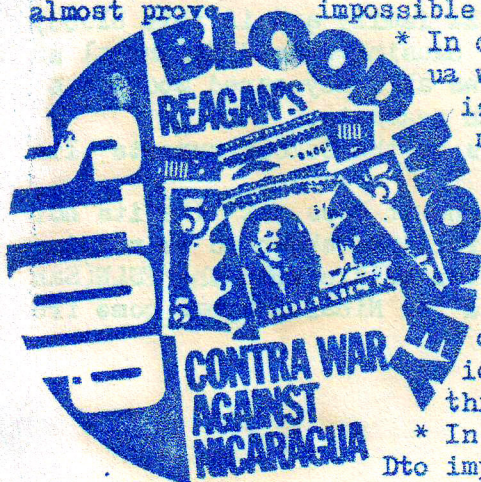

Britain as usual has been the shoulder for Reagan to lean on. In 1977 during the Somoza dictatorship Britain sent 16p per person in aid now it has been cut back to a mere 2p.

* Britain has also vetoed special EEC aid programmes for Nicaragua.

* The Thatcher government has refused to offer export credit guarantees for Nicaragua without which British exporters are virtually unable to trade with third world countries. The excuse is a debt outstanding from the Somoza dictatorship.

* Britain is the only European country to have given less aid to Nicaragua in 1982 than it did ten years ago.

* In 1983 Britain gave Nicaragua a mere £64 000 compared to the Dutch contribution of 24 million dollars in 1982, while Spain has aided Nicaragua to the sum of 84 million dollars between 1979-84.

TOXIC EPHEX / BRAIN DAMAGE / EXALT / SAD SOCIETY / SIDEKICK

GRAYLODGE CENTRE DUNDEE 28th FEBRUARY 1987

Sidekick were the first band on and did a quite forgettable set (I can't remember any of their songs anyway). Next on were sad society from Edinburgh , they were a more enjoyable band with a late 70's feel to their music and a good vocalist . Dundees exalt were the first band that got anyone up dancing , and were very good with a great thrashy sound . Brain damage were next on and played tuneful punky music . Sadly half way through their set aome arsehole through a chair at the folk up dancing and this caused a massive fight wich ended with half the crowd leaving (thankfully the arseholes who started the trouble left with them) . All I can say to them is FUCK OFF AND DIE SCUM . Now that order was restored brain damage went on to finish their set . Now it was time for toxic ephex who I had never heard before and what a suprise I got . There a really good band to jump about too and got the crowd really going , watch out for a brilliant sidney divine cover , maggie . All in all it was a good night if it wasn't for dicks causing trouble.

CIVILISED SOCIETY / FEEDYOUR HEAD / EXALT / BRAIN DAMAGE / REACTION & OTHERS

GRAYLODGE CENTRE DUNDEE 14th MARCH 1987

Well the others consisted of a really crappy band who done exploited covers , there isn't much else you can say to that . Reaction were a better band though with a good set of songs wich got a few folk up dancing too . Brain damage were next on and weren't as good as last time I saw them but still done a good enough set . By this time civilised society had'n't turned up yet so exalt who were billed played and were brilliant . luckily half way through their set civilised society turned up . Feed your head are one of the best live bands around at the moment with their brand of slowish punk . Tonight was going to prove no exception with the fantastically growled vocals even though the singer looked pissed , get to see this band if you can . Civilised society only had enough time foy around 8 songs owing to them turning up late . Though they still done a very enjoyable set in the usual civilised society manner . It was one of the better gigs I have been to and is just a pity the graylodge lost money on this gig due to the small amount of people who turned up . The only way to keep venues open is to go regular .

OI POLLOI / TOXIC EPHEX / NEXT WORLD

STRINGFELLOWS PAISLEY 4TH APRIL 1987

The next world were the first band on and it is hard to believe that there is only two people in this band as they have a very powerfull sound . Toxic ephex done a brilliant set and had a lot of people up dancing . The vocals come over very strong in this band as they have two backing singers in the bassist and guitarist who sings one of the songs on his own . It was now oi pollei's turn to strut their stuff and they did it in their usuall manner . They done all the useall stuff but the only thing is they done some of it twice .

CHUMBAWAMBA / MAXIMUM SECURITY / STATE OF DECAY / THE DISTURBED

CARLIBAR COMMUNITY CENTRE BARRHEAD 18th APRIL 1987

The first band on were the disturbed and they done an enjoyable enough set even though few people danced . State of decay are one of the best glasgow bands around at the moment and they done a really good set . By this time the crowd were starting to warm up a bit and when maximum security took the stage a lot of people were up dancing . The new chumbawamba set is excellant and is in the form of a play of the canvassing for the general election . Before the gig they handed out leaflets with all the lyrics of the new set in , all the songs are new and are just as good as before and more punky . If you ever get a chance to see this band go as there is so much imagination put into their set .

In an age of ever decreasing good tuneful bands, HACL tapes press on nethertheless and try to find enough good bands for a 5th comp. tape. If you know a good tuneful band get them to send good quality demos to Trev, 57 Briardene, Burnopfield, Newcastle Upon Tyne. Send SAE for sime/tape list.

When we live in a society based on love, understanding, caring, helpfulness and openness instead of money, greed, selfishness, lies and deceit, then and only then shall we be truly FREE.

ANTISECT/OI POLLOI/HELL BASTARD
STRINGFELLOWS PAISLEY 25th APRIL 1987

A metal night at stringfellow. Hell bastard an excellant thrash metal group were on first, and got a lot of people up dancing (well a few anyway). Though I think they could improve their set by cutting it down a bit. OI POLLOI were the next band on, as I've seen oi polloi tons of times I knew what to expect, they played probably the best I've seen them apart from the first time. ANTI SECT on next, the highlight of the night, and what a high light excellant, sadly a speaker or something like that blew up so we had to wait in between one of the songs for ages while that got fixed. Though when it was it was well worth the wait.

CIVILISED SOCIETY/STATE OF DECAY/EXALT
STRING FELLOWS PAISLEY 9th MAY 1987

Exalt from Dundee playing their first gig outside of Dundee (I think). The first half of the set was excellant really good thrash, but they were on too long and got boring. State of decay I thought were really good. I don't know any of their songs but if you get a chance to see them GO. Civilised society, my fave band. Excellant live, I think the vocals mix dead well and the guitar is excellant. Sadly though the bass drum skin burst which cut their set down a bit but still excellant. I would just like to thank Deek who organises most of the gigs at string fellows and puts a lot of hard work into getting bands up.

ANIMALS IN MEDICAL RESEARCH

FACTS

- Introduction of blood transfusion delayed over 200 years by the misleading results of animal experiments.
- Introduction of corneal transplants delayed nearly 90 years by misleading results of animal experiments.
- Florey, who purified penicillin, said it was a 'lucky chance' that he had not tested it on guinea-pigs, for it kills them.
- Drugs like Opren, Eraldin, and Fiosin were passed sale in animal tests. But dan aged many humans, and killed others.
- The heart drug digitalis was discovered without animal research. It was later found to cause dangerously high blood pressure in dogs. But not in man.

In the past, animal experimentation has often retarded the control and eradication of serious diseases. Must we tolerate further delay?

INDIAN DREAM ARE A BAND FROM SCARBOROUGH AND HAVE OUT A SPLIT SINGLE WITH THREE OTHER LOCAL BANDS THEY ALSO HAVE AN EXCELLANT DEMO OUT CALLED ON THE WARPATH . THANK TO LESLEY FOR THE EXTRA LONG ANSWERS .

I'VE NEVER SEEN YOU IN ANY FANZINES BEFORE WHY DO YOU THINK THIS IS .

We are in a lot of zines , most I must admit are in germany , but we are still in quite a few here in good old britain . I must admit though , some zines do tend to just put the bigger bands in like CON...flict , subhumans (when they were together) etc .

THE SINGLE WAS PLANNED TO BE CALLED TO A NATION OF CONFLICT LOVERS WHY WAS THIS CHANGED .

The first name of the single came directly from the carry on with conflict . All four bands agreed at first . Then as you can see saltania malfunctions started spouting off about conflict on the cover , which was fair enough but they got the whole story wrong . On their first cover they set out an account of the whole story but got the whole thing wrong . On the EP they also included a song called " SING SONG SONGS " which slagged off many bands including indian dream . we only found this out after the single was recorded . It seemed really childish , they seem to have to pick a hole in every band for whatever reason . We realised the single was becoming a joke so we decided the best idea was to call the single something simple and explain the whole thing ourselves on the inside cover . Don't get me wrong I'll never have anything to do with conflict or mortarhate . But saltania malfunctions tend to just slag off other bands . I suppose at least conflict are seen at demo's whereas saltanias (the singer who tended to dictate to the rest) never found much time to do anything but write words slagging off bands left right and centre . I must exaggerate the fact that the above doesn't mean I forgive conflict but surely you know what I mean about saltania malfunction .

HOW DID THE SPLIT SINGLE COME ABOUT AND HAS IT SOLD WELL .

Really we all know each other and have for years and the only way we could afford to do anything like that was to do a split single to split costs . Yes it has sold well.. I think out of the 500 we've got about 20 left to sell . The best thing is they've been sold all around the country and abroad .

HOW DID CONFLICT RIPP YOU OFF OR WAS IT JUST A NUMBER OF LET DOWNS .

It's a long story but here goes :-

We played with conflict in june 86 with potential threat , vex , liberty . We weren't given any expenses , which we didn't mind but we told colin that we'd organise a gig for them and a few other searborough bands in seunthorpe . Colin was very eager , he gave us some posters so we started organising the gig - We went through to seunthorpe , got a venue , booked a P A , and put up posters every where . A good friend in seunthorpe helped spread the word in seunthorpe , she also organised a stage (colin said there had to be a stage) All this time we kept phoning colin to check everything was OK , he said every thing was fine . Conflict were going to bring down a drum kit , guitar amp , bass amp etc . so we could keep the admission price as low as possible . We then got in touch with the anti apartheid movement in london and we arranged to send any profits to them . We organised everything . Two weeks before the gig we phoned colin , he said steve the guitarist had gone missing . Obviously we were very worried but colin insisted steve would turn up in time so we just kept ringing every day . The closer we got to the gig the more worried we became . Eventually about 4 days before the gig colin said that if they couldn't make it they'd send AYS up with their gear . So we thought then it couldn't go wrong . We still kept ringing and on the day before the gig we rang colin in the morning , he said he hadn't had time to ring AYS could we ring him back later that night . (He'd already told us AYS could definately play) we rang colin still he hadn't got an answer from AYS , so he told us to ring him at 11 o'clock that night . We rang dead on 11 , some one answered then said nothing , presumably they knew it was us and rang off . I continually tried to ring back and eventually gave up around 4 am , the phone was engaged for at least 5 hours solid (OFF THE HOOK) The next day we had everything to cancel , it cost us money , but at the time that didn't matter at that point . The place we had booked was very annoyed , they'd let us have it cheap anyway and they'd gave all out to help get organised - no chance of using it again . I must apologise to any one who travelled down for the gig . I'm very sorry about it . We could have still had the gig if we

didn't have to hire a drum kit , amps etc . It would have meant an admission price of too high for the number of bands playing . Two days later I rang colin to ask what had happened , I told him about the phone being put down on us , all he said was " I don't know who was in my flat that night , I'll have to find out " . It doesn't seem all that realistic that that was the case , he knew we were ringing back at 11 o'clock and he had my phone number anyway . I've heard lots of bad things about conflict before and after the seunthorpe gig , I only really believe what's happened to me , but this carry on was enough to make me realise that conflict wasn't worth the effort . We've also heard stories from colin since , he did actually ask us how much money we had lost and promised to send it up to us , we are still waiting approx' 7 months later . Worse still he's written and told some people he's already sent the money to us (I've seen the letters) We've had nothing not even an apology . We've let everybody down , people , bands , anti apartheid movement and conflict have managed to lie their way out of it but not if I can help it .

DO YOU GET MUCH RESPONSE FROM YOUR SONG ON WE WON'T BE YOU POOR

Yes we did get a great deal of response from the mortarhate comp' but if we knew then what we know now we wouldn't have had anything to do with it . (We would probably have had as much response from a blurg or loony tunes comp')

YOU SEEM TO BE AGAINST VIVISECTION DO YOU THINK THERE ARE ANY REALISTIC ALTERNATIVE METHODS OF FINDING MEDICAL CURES .

All four members of the band are against vivisection , none of us are medically qualified but we feel skin cultures would give much better results . But whether there is an alternative or not to animal testing , testing shampoos , hair sprays , drugs etc on guinea pigs does not make it safe . EG thalidomide - caused by a drug entering the market after being proved safe by testing on animals , There is a massive loophole in the law , as long as cosmetics , pesticides etc etc have to be tested , animals is the cheapest way of doing so and it will continue . As all these bloody companys are about profit . Cancer research is also bullshit . They have never in all these years formulated a cancer in animals like that in a human . This info was given to me by a doctor who had worked in the field for 15 years , actually testing on animals . She realised they were getting absolutely nowhere and now she is against all forms of animal experimentation . All members of the band try and use goods not tested on animals - as far as our money stretches . It can be done so please try . you can stop testing soaps , shampoos etc by using all natural products .

IS IT EASY GETTING GIGS IN AND AROUND SCARBOROUGH AS THERE SEEMS TO BE QUITE A FEW LOCAL BANDS

No not particularly . People in scarborough are really weird , they don't appreciate live bands at all . Most of the punky types are posie types so they think bands such as indian dream try to preach , they aren't willing to listen . That's not the case throughout scarborough but in the past myself and even more so a kid called noid (radio freedom) has tried to arrange for bands to play here eg the sears , instigators , subhumans and every time we've lost loads of money and there's been trouble . I must admit though before recently we hadn't had bands playing for about 2 years . As I said recently we've found a place in scarborough and have put on bands such as burning passion/m.o.d/active minds/political asylum and ourselves . The reaction hasn't been too bad but they are more interested in disco type places , it's pretty pathetic . As for gigs around scarborough , whitney is good , but gigs on the whole seem hard to come by . We've a couple arranged for the next couple of months middlesborough , whitley , basingstoke . It seems hard to try and organise gigs but you live in hope .

YOU SAY YOUR TRYING TO START A BUST FUND . IS IT FOR ANY DIRECT ACTION AROUND N / YORKSHIRE

Yes , the bust fund will be to support direct action in and around scarborough . There is a limited No of people involved so we do need some sort of fund .

WHAT DO YOU THINK ABOUT PUNKS WHO JUST SEEM TO BE INTO THE FASHION SIDE OF PUNK .

It's bloody pathetic . Some (as in scarborough) seem to really live in the past . All they seem to care about is their spikey hair and leather jackets . I was horrified to see these pathetic postcards in london of these punky types , they are like bloody pop star types . It

annoys me when they come to a gig and stand at the back , they wont acknowledge a band unless they are well known , They moan about seeing say 4 unknown bands for £1 and then pay about £15 - £20 to see the damned etc etc . I must admit though you don't see many of them (or I havn't) but they make you despair .

DO YOU THINK PUNKS REALLY BELIEVE IN WHAT THEY SAY .

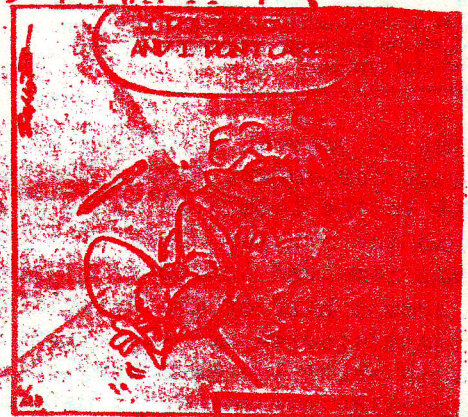

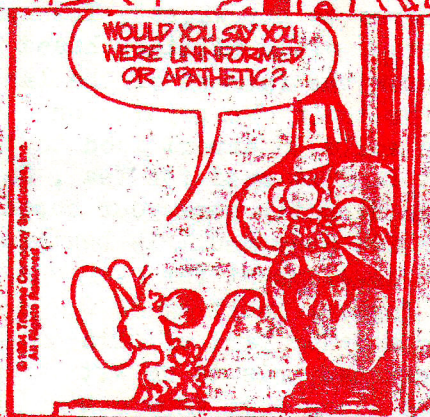

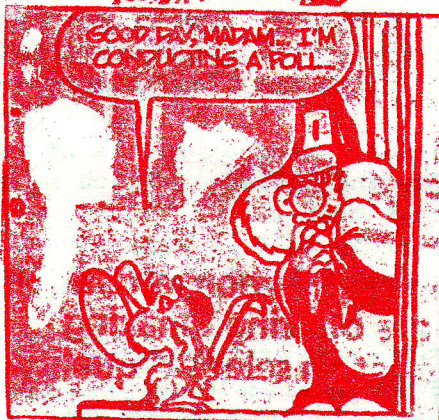

It's hard to say some spout of about sexism , racism etc but the next minute they'll be boasting about how many girls they've screwed . I think most take it seriously but it is hard to tell . An example is I've heard people going on about animal rights , vegetarianism then I've seen them sitting in the wimpy . You never really know .

HAVE YOU ANYTHING ELSE TO ADD

The most annoying thing I see at all our gigs now across the country is the arses who are completely out of their minds with either alcohol or dope . It's really bad to see them . I've even had an experience of this on a vigil when about 10 kids were camped out , all completely out of their minds on dope , they threatened us and said we could be them dressed up as themselves (them being the vivisectionists) as this happened whilst on a vigil at Hazleton labor offices in Harrogate . It makes me sick to see these people in the state they get into , after all we are all supposed to all be on the same side .

IF YOU CAN GET INDIAN DREAM OR ANY OTHER SCARBOROUGH BANDS A GIG , OR JUST FOR INFO WRITE TO

LESLEY 105 GILDERCLIFF , SCARBOROUGH , YO12 6NU

McDonalds try to show that eating there is healthy by showing a nutrition guide . This guide might look very impressive but the facts and figures are irrelevant and are just dressed up in the same way they dress up their meals . In effect the guide is trying to tell you that a diet of hamburgers , chips , colas and milk shakes is good for you . The thing it doesn't tell you is that such meals are linked with cancer of the breast and bowels and also heart disease . These are all caused by the high fat , sugar , animal products and salt content in such meals . They are also low in fibre , minerals and vitamins . You can forget the fast food label McDonalds love to push it is all junk food , which is a much more adequate description . Chewing is essential for good health as it stimulates the digestive juices sends nutrients into the blood . McDonalds meals are so lacking in bulk it is almost impossible to chew as they re quarter burgers are 48 % water . This is the reason you may leave a McDonalds still hungry even though you have eaten a large meal . A McDonalds meal is based on meat and you should note the atrocities inflicted on animals so as we can have our meat . Even if you go into a McDonalds for chips you are still helping fund the death of millions of animals a year .

EVERYTHING MUST GO

WHAT's wrong with McDonald's is also wrong with all the junk-food chains like Wimpy, Kentucky Fried Chicken, Wendy, etc. All of them hide their ruthless exploitation of resources, animals and people behind a facade of colourful gimmicks and 'family fun'. The food itself is much the same everywhere—only the packaging is different. The rise of these firms means less choice, not more. They are one of the worst examples of industries motivated only by profit, and geared to continual expansion.

This materialist mentality is affecting all areas of our lives, with giant conglomerates dominating the marketplace, allowing little or no room for people to create genuine choices. But alternatives do exist, and many are gathering support every day from people rejecting big business in favour of small-scale self-organisation and co-operation.

The point is not to change McDonald's into some sort of vegetarian organisation, but to change the whole system itself. Anything less would still be a rip-off.

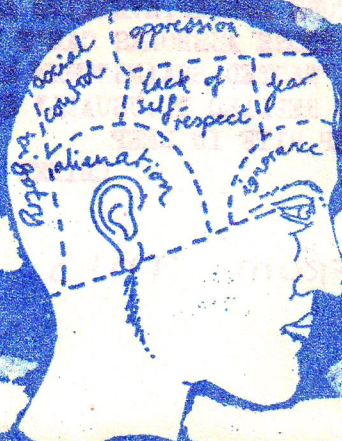

HOW YOU CAN HELP

Stop using such establishments as McBurger , and tell your friends why they should to . There are lots of groups campaigning against such companies , write to greenpeace for more details . Become a vegetarian . Vegetarians are on the increase , last year the number of vegetarians increased by more than a $\frac{1}{3}$. It is now easy to get vegetarian / vegan food in your super market and a lot more healthy to .

A vegan Britain would be self sufficient on only 25% of the agricultural land presently available . Why not get together with some friends and grow your own vegetables . There are over 700 000 allotments in Britain and countless gardens . The pleasure of preparing healthy food and sharing good meals has a political importance too : it is a vital part of the process of ordinary people taking control of their lives to create a better society , instead of leaving their future in the cynical hands of corporations like McDonalds .

THE LONDON GREENPEACE GROUP has existed for many years as an independent group of activists with no involvement in any particular political party. The people—not 'members'—who come to the weekly open meetings share a concern for the oppression in our lives and the destruction of our environment. Many opposition movements are growing in strength—ecological, anti-war, animal liberation, and anarchist-libertarian movements—and continually learning from each other. We encourage people to think and act independently, without leaders, to try to understand the causes of oppression and to aim for its abolition through social revolution. This begins in our own lives, now.

Chinky's Page!

Well as you can see from the above headline chinky (the closet hippy) has bothered his ass to contribute his worthless (only kidding) views on some of the latest tunes on the hit parade . Thanx Chinkey ya roll of bum paper .

SUICIDAL TENDENCIES - JOIN THE ARMY (LP)

Well I paid £5-45 for this 'un but it's worth every penny . A mixture of metal thrash and even the occasional bit of Hip Hop ... Join the army a real Boogey number . This also has a fukkin' excellant poster.

BROKEN BONES - F.O.A.D (LP)

AAARGH ??? B.B have come on some from their earlier days . The album is half live & half studio recorded . F.O.A.D and TEENAGE KAMIKAZEE are really American influenced numbers as is most of the record . The live side has loads of good trax including "seeing through my eyes" and BECAPITED (again)

DAN - WHERE HAVE ALL THE CHILDREN GONE (LP)

Well this is one good shit fanny thrash album . A much better piece of vinyl than the " CAN YOU DIG IT " 7" . Theres songs on this to suit all tastes of music . Thrash and music can work together . And remember Tommy the Turtle ?

FOX HUNTING REPORT

Well didn't the Lanarkshire and Renfrewshire make a right balls up of their hunt this season . The stupid BASTARDS didn't eve n catch one fox when I was out at the sabs , about 7 or 8 times . I heard that they didn't have a kill all season (HOOORAY NAPS) They had a couple of dig outs (when the ole fox goes down the earth and the terrier men send the terriers down the holes to chase the fox out into the open) but these were unsuccessful too , the terrier men giving up once after around 4 hours of constant digging . I hope the cunts were really knackered . One of the terrier men nicknamed PSYCO due to him smashing one of the sabs in the face with a spade was charged with serious assault . So I hope he gets a massive fine(more like his house burnt down the BASTARDNAPS) There were quite a few battles , but nothing too serious , thank fuck . The police even were not too bad , with the classic quote from an inspector of her majestys storm troopers , " I'm not on any side , we're just the piggy in the middle " well he said it ... HA HA

Another funny incident was when the hounds were all together at a farm on the top of a hill . We were all clapping the dogs , when the whipper on a horse came up and said " Touch those dogs again and I'll fuckin' kill you " The sabs just stared at the prick (who was a young guy called Sandy who didn't have a scooby doo) and kept on playing with the dogs . Then Sandy came out with " I might not actually do it though " You can imagine ~~LOL~~ the laughs that got . So a highly successful sabbing season , this year the L & R must be thinking about not going out again this season . I mean they pay money to hunt , so if their not catching any thing then whats the point in coming out at all . FOR FOX SAKE GIVE UP YA CUNTS .

DON'T APOLOGISE TO ME CAUSE I'M A PUNK

I'm a punk.

I don't deserve an apology when you bang into me in the street,
Neither do I deserve to have MY apology accepted
If I accidentally bump into you-
Best to give me a string of abuse for trying to mug you
And a lecture on the decline of morality amongst the young.
I deserve nothing but stropmy behaviour if I dare to come into your shop
And offer you my money. (Am I not satisfied that you have lowered yourself
enough to actually acknowledge my presence)
Anyway, it must just be me trying to cover up
A failed shop lifting attempt.
I'd knife the shop assistants in Oxfam for 2p,
God only knows what I'd do if I got into Harrods.

I've got spikey hair,

So

There's no conceivable way I could be in the queue-
Better start another one on the other side.

How dare I try to get off the bus

Before you've pushed in the same door!

I'M standing behind you in the supermarket queue-

I have one item, and you have two trolleys which you intend paying for by cheque.

As I don't have a blue rinse, I must be a Libyan terrorist

Who is going to take the checkout lady hostage,

So it would be understandably inconvenient

To let me go before you.

I've got a ring in my nose.

Therefore I must be up to something suspicious

Whenever I come into your office,

And as for me saying I have a job-

Well, it's obvious from my earrings that I must be a pathological liar.

(I once even claimed to have a mum and dad)

Why don't I have the good manners to kill myself whenever you come on the bus?

I actually have the nerve to leave a vacant seat next to me,

As if people would rather risk getting AIDS

Than merely stand for the whole bus journey.

The children are too young to understand what a

Rapist, a child molester, a junkie, or a smack addict is;

They can't understand why you pull them away from me,

But they'll thank you for it when they're older.

I've got pink hair.

What on earth could I be doing on the streets

After 9pm except looking for virgins to sacrifice to Satan?

There's no point in talking to me nicely-

The only language I understand is abuse, disgust and anger.

(And ~~despite~~ being the inhumane monster I am, you know for some strange reason

I'll never take offence and stab you)

I deserve nothing but your disrespect, distrust, suspicion and contempt.

How dare I exist

NAPS-WHY ARE YOU SO SHIT AT MAK-
ING CHIPS

S-(in very bad scottish accent)
you should be lucky you get any
chips at all, I'd just like to a-
dd that he's eatin me out of ho-
use and home since he got here.

NAPS-WELL THATS ENOUGH FROM HIM. WHATS THE DIFFERENCE BETWEEN BIG BLACK CHARGING YOU £3 AT
THE DOOR AND ENGLISH DOGS CHARGING £3. AT THE DOOR.

S-Basically there is no difference at all-if you get ripped off you get ripped off.

NAPS-WELL WHY WERE YOU ARGUING ABOUT IT EARLIER ON

S-I was just saying that when you go and see Big Black you go with your eyes open that you
ur being ripped off, but some people still go to see English Dogs and still think
they mean something

D-Well I just think it's really bad when bands like the Bad Brains
charge 4 smacks, NO £4 I don't want that word smacks in any interview
£4 (same as the stupids at Glasgow-NAPS)

S-Hes' dribbling

D-£4 to see them which is total rip off

NAPS-DO YOU FEEL (LIKE MANY HARD LINE FEMENISTS) THAT ALL SE-
XUAL RELATIONSHIPS ARE AT BASE LEVEL SEXIST

D-No they don't have to be

S-It depends on how people overcome their

D-Roles

NAPS-YEAH THEIR SEXUAL INUENDOES, SHIT SCRAP THAT LAST WORD I WUN-
T BE ABLE TO SPELL IT. WHY ARE YOU THE MOST SLOVENLY PAIR OF SHIT
S IN THE WORLD

S-We're fashion conscious and it's hip

NAPS-WHY BRING OUT A DEMO OF OLD REWORKED SONGS WHEN YOU COULD SPEND MORE TIME
ON NEW ONES

D-Cause the first demo was badly done and when we recorded the second demo we didn't have
any new songs

S-And also we live 150 miles away from each other so we never get any chance to practice
or write new songs

D-No we don't

S-We did

D-But when we recorded the second demo we didn't and we don't now, so tough shit it's pret-
ty irrelevant

S-But all the time in between we did which was a period of several months

D-Don't say that or people will think we never practice

S-We don't practice, we do not practice and we do not write new songs, I would just like
you to know we do anything but

D-Bu. the tapes good-Go on tell them how good the tape is

NAPS-WELL IT'S GOOD, SO GOOD IN FACT IF YOU SEND ME A C60 & 10p & SAE (10p TO PHOTO COPY
COVER) I'LL SEND YOU ONE DOWN FROM NOT A PRETTY SOUND TAPE DISTRIBUTION (END OF ADVERT)
WHY DON'T YOU WEAR WELLIES AS WE ALL KNOW WELLIE PUNX 'R' GO

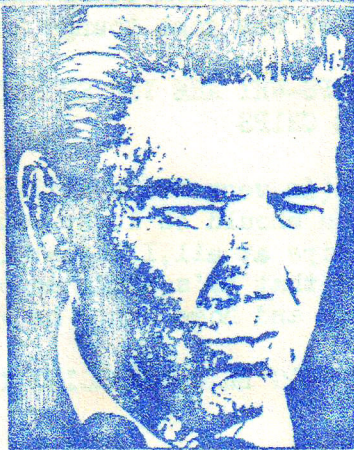

D-I do

NAPS-THERE NOT PROPER WELLIES, HOW CAN THEY BE PROPER WELLIES WHEN THEY LACE UP

S-Cause they'd end up smelling something like yours and we couldn't have that, and you also get slugs in them (THATS A PRIVATE JOKE-NAPS)

NAPS-WHY DON'T YOU DRINK NEWCASTLE BROWN AND EL DERADE

S-We're straight edge

NAPS-WHY ARE YOU SITTING THERE DRINKING A BOTTLE OF CIDER THEN

S-This is a bottle of milk everybody (LIES)
D-Yeah soya milk (BIGGER LIES)

HOW COME IT TOOK YOU SO LONG TO HAUL YOUR ASS (VERY AMERICAN) DOWN TO THE 1/12 CLUB

D-Cause I only moved up here yesterday
NAPS-OKAY THEN THIS ONE IS AIMED AT APATHETIC STEVE

S-Well I'M not apathetic actually I've been doing many things

NAPS-BUT NOT DOWN AT THE 1/12 CLUB

S-Oh well I'll be there permanent ther from now on I promise

Nicaragua / Solidarity / Campaign

DON'T SEEM INTERESTED IN THE LYRICAL CONTENT IN THEIR SONGS, AND ONLY INTERESTED IN THE MUSIC. IF THIS CARRIES ON DO YOU THINK THERE IS ANY POINT IN THE PUNK MOVEMENT CARRYING ON

D&S-UM WHAT, say it again, fits of laughter (5 minutes later)

S-Darron will tell you it's his specialised subject

D-Well lets go back to the first point it's not a cliched question

S-It's defenitly not a cliched question, we've never been asked it before anyway or else we would have had an answer

D-(Gurgling noises) I don't know about that there is a lot of bands

S-There's a lot of bands I'll agree with you there, there is a lot of bands

D-No

NAPS-OH WE WANT MORE THAN THAT, WE WANT MORE THAN NO

S-Right we've got to get out of this punk movement, lyrics have got to get across to people who don't just go to punk gigs or wear there hair in strange styles

D-No what we're saying is that punks more than just meat heads and exploited fans, if a band right, if a band, look if a band, just say if a band, look what I'm saying, it's a good question on, right I know what I'm going to say, theres more to punk than exploited fans and if um and if a band with good lyrics, they could be cast in the punk circles whereas if a band is just plain cock rock then they aint necesarrily punk SO

S-There is a point in us carrying on as there are a lot of sound bands with sound principles around even if they don't express them in their lyrics

NAPS-YOU CONDONE USING VIOLENCE TO OPPOSE FASCISTS BUT HOW CAN IT BE RIGHT TO FORCE YOUR VIEWS ON OTHERS

D-It's not forcing your views on the NF it's stopping them

NAPS-BUT IF YOUR USING VIOLENT METHODS WHATS THE DIFFERENCE BETWEEN YOU AND THEM

D-It doesn't need to be violent. Most times you see them it's when their selling their papers papers and if they don't stop selling their papers by giving them a good talking too or a few people standing round them threatening violence then it will have to come down to violence

NAPS-THEN WHATS THE DIFFERENCE BETWEEN THAT AND WHATS HAPPENING TO JELLO BIAFRA AT THE MOMENT THATS JUST THE STATE USING FORCE TO CENSOR OTHER PEOPLE

PEACE IS NOT JUST THE ABSENCE OF WAR

S-Your just being a real liberal now arent you

The Next WORLD

D-But people who are selling these papers are hoping to get people to respond and go out and beat up on blacks or whatever and they have just got to be stopped

NAPS BUT IT'S STILL CENSORSHIP

S-Yes but this is were your ideologys fall down and youve just got to come to terms with the problem in a practical way

D-Thats it get it

NAPS-IT'S A TAKE

HOW COME POTATOES ALWAYS GO OFF IN YOUR HOUSE

S-Because there explosive(BAD JOKE)

NAPS-WELL HOW COME THEY ALWAYS GO BAD

D-Well the dampness in the house comes down

S-You see in East Kilbride you probably live in this massive big mansion with your massive big freezers and youve got nice clean houses with no germs and you go round with the jiff every day or your mum does of course cause she adheres to her role, but down here it's a different world you see, we're your proper working class(UNEMPLOYED-MEETINKS)

NAPS-APARTHEID SEEMS TO BE ONE OF YOUR PET HATES

S-I don't mind pets

NAPS-OH FUCK YOU YOU DON'T SEEM TO LIKE APARTHEID VERY MUCH HOW CAN WE COMBAT IT SUCCESSFULLY IN BRITAIN

D-We've got to find the people who are supporting apartheid in South Africa there is apartheid and the people in SA have got to get rid of it the best they can and in Britain we have people supporting apartheid and we've got to get rid of the people supporting

S-Darron name names

D-SHELL we're not scared we'll take on the big ones

NAPS-WHY DO YOU REFUSE TO WASH YOUR HAIR

S-Cause it's unnecessary, your hairs meant to take care of itself. By using shampoo you strip your hair of its natural oils which means a lot of people have to use conditioner to put the oils back in, it's just a mass marketing ploy you feel your dirty if you don't wash your hair but it is not true

DARRON NOW WENT ON TO TALK A LOAD OF SHIT ABOUT WASHIN YOUR SINKS AND TOILET WITH SHAMPOO WHICH ME AND STEVE DIDN'T UNDERSTAND SO I'M NOT GOING TO BOTHER TYPING IT OU SO FUCK YOU DARRON HERES MY CENSORSHIP

S-All the big shampoo companys are very big companys nama names Darron

D-V05, UNILEVER, I read it on a Chumbas album once

S- They know what their talking about, they don't have sexual intercourse with every band they play with

NAPS-WHAT DO YOU THINK ABOUT SPIRITUALISM JOUGE BOARDS AND ALL THAT

S-OH I don't know

D-Well it's a good laugh pushing a glass round a board

S-Yeah Gordon pushed the glass around himself and it's going in the zine

D-Whats that

S-Well it's like this-This is the story, it's going in the zine, it's gotta come out sometime and it's coming out now right 2 of Gordys mates, they left him with his finger on the glass and it moved wildly around the board and the two mates are saying youve gotta beleive it now gordy cause it's only your finger and gordons going yeah I think I believe it and hes a cunt cause he pushed it

NAPS-BUT IS CUNT A GOOD WORD TO USE

VIOLENCE

Take a good look around you , have you ever noticed how violence is starting to take over everything . Every part of our lives is riddled with violence , how people are being torn apart , seperated , broken hearted through stupid unnecessary violence . Violence seems to crawl into everything , from football hooliganism on the terraces to the you don't belong here mentality on the streets . The amount of trouble at football and other sports is on a massive increase and for some reason I don't understand class war have taken this violence and tried to kid on it's a well thought out anarchist attack on authority . BULLSHIT it's a bunch of dickheads whose only kick is to knock someones head in for the sole reason of supporting another team . Why can't these people realise that violence is no answer especially when there aint even been a question asked . Also how many gigs you been to which have been smashed up by dickheads . I mean there you are at a gig , supposedly for enjoyment with like minded people , when some idiot say's where do come from , then knocks your head in just cause you've travelled a couple of mile to see the gig . It's pathetic , how many venues have been closed down through violence . When your'e walking home at night do you feel scared , intimidated , when you have to walk past a crowd . Scared that your eye might catch one of the hoes and they will start some trouble , I know I sure for hell have . You read the paper watch the telly how many people killed today , either in robberies , mindless violence . Fighting for peace in Northern Ireland , whether or not some ones died in police custody over n

DEATH IN DANGER

fight . Surely people could learn to show their kind side rather than the hatefull spitefull side . Why can't people be proud to care , love rather than feel ashamed , embarassed . but always proud to brag about who they've beat up recently . All youre doing with violence is isolating yourself and the people around you from others , all communications broken down a little trust and caring shattered through the use of your fist . Think the next time you try to provoke trouble or act to readily to the tiniest remark aimed in your direction . Ask yourself is it worth all the trouble . Only love , understanding and friendship will achieve anything in this crazy , screwed up planet that we call a home .

SMASH BATTERY CAGES NOT EGGS

Below: The 32" wingspan of this chicken shown in relation to three battery cages

Battery farming of all kinds is unnecessary torture to gain unnecessarily high profits. Of all battery farming the best known and probably the worst is battery hens. 90% of eggs sold in Britain today are battery farm eggs. The average battery farm house is a round 90 ft in length, 30 ft wide and 15 ft high. Contained inside this so called house though better described as a dungeon are several rows of back to back cages. These can be stacked up to 6 tiers high (or even more). A cage of 16" by 18" (40 cm by 45 cm) normally holds captive 4 birds. The larger cages 18" by 20" (45 cm by 50 cm) hold captive 5 - 6 birds. It is a total disgrace that this is allowed to continue in our so called civilised society.

The protection of cruelty to birds act 1954 makes it illegal to house a bird in a cage where it is unable to spread its wings. Poultry is cleverly ignored in this paper as the profit dulls any sense of guilt. The overcrowding in battery cages causes aggression, feather picking and even cannibalism. This means loss of profit, but instead of enlarging the cages, the answer is to debeak the birds. This is an extremely painful and distressing act. 1/3 of the upper beak is burned off.

Alternative methods to battery farming are free range, where hens can live in groups of around 100 in sheds built on grassland, which can also be shared by other live stock. Some people might say, this is not cost effective, but on a farm in Petersfield 6 500 hens are kept on this system and the farmer says he gets a very healthy profit margin in an invested capital. There are a lot of semi-intensive loose flock systems. Which allow the birds to express their natural behaviour such as wing spreading, dust baths, etc. In Holland "scratching eggs" from non battery cages sell at only 10% above the price of battery eggs. Surely this is not too high a price to pay. Of course another alternative to battery eggs is to STOP EATING EGGS ALTOGETHER.

OI POLLOI/TOXIK EPHEX-EDINBURGH POTTERROW STUDENTS UNION 8 MAY

SO IT WAS BACK TO THE UNI FOR THE ANNUAL 'PUNK' GIG. APART FROM THE SIGNING IN PROCESS, THIS IS QUITE A GOOD VENUE. ANYWAY ABOUT 150 FOLK WERE HERE TONIGHT TO SEE ABERDEENS TOXIK EPHEX AND OI POLLOI ON HOME TERRITORY. TOXIK WERE ON FIRST AND WERE FAMILIAR TO MOST OF THE CROWD. THIS BAND GET BETTER EVERY TIME I SEE THEM. THEY PLAYED THEIR USUAL SET CONSISTING OF THE CLASSICS 'FALLOUT SHELTER', 'THE FINAL EPITAPH', ROLF HARRIS'S 'TWO LITTLE BOYS AND THEIR ANTI-THATCHER VERSION OF SYDNEY DEVINE'S 'MAGGIE'. IF YOU GET THE CHANCE SEE THIS BAND, ONE OF THE BEST LIVE ACTS AROUND. OI POLLOI WERE ON NOW WITH THEIR FULL LINE UP THOU' IT WAS RAT THE GUITARISTS FINAL GIG. THEY PLAYED MOST OF THEIR SONGS LIKE 'PIGS FOR SLAUGHTER', 'THUGS IN UNIFORM', 'GO GREEN' AND FOR THE NUMEROUS SKINS IN THE AUDIENCE 'SKINHEAD'. THEY PLAYED NEW SONGS LIKE 'OUTRAGE' AND 'NEW LIFE' AND ENDURED CONSTANT STAGE INVASIONS BY THE POGOING MASSES. ONE OF THE BEST GIGS FOR AGES.

AOA/THE DISTURBED/MAXIMUM SECURITY/LOST CAUSE-PAISLEY STRINGFELLOWS 7 MAY

ALONG WITH DUNDEE'S GREYLODGE CENTRE THIS IS ONE OF SCOTLANDS MOST REGULAR VENUES AND APART FROM AN INCIDENT IN WHICH SOMEONE GOT SLASHED WITH A BLADE THERE'S NOT BEEN ANY TROUBLE AT ANY OF THE GIGS HERE. ANYWAY OI POLLOI WERE FIRST ON AND PLAYED(?) A FEW SONGS TO GIVE GUITARIST RAT SOME PRACTICE AND GOING BY TO-NIGHTS PERFORMANCE HE NEEDS IT! LOST CAUSE CAME ON FOR THEIR FIRST GIG, NOT BAD BUT THEY SHOULD IMPROVE THRU' TIME. THE EXCELLENT DISTURBED WERE ON NOW AND WERE AS GOOD AS EVER. THEY PLAYED A NEW SET APART FROM THE FINAL SONG 'WARFARE' WHICH GOT A FEW FOLK UP DANCING. AOA WERE ON SECOND LAST DUE TO THEM HAVING TO GET THE LAST TRAIN BACK TO EDINBURGH. THEY WERE REALLY ON FORM TONIGHT PLAYING OLDER SONGS OF THE 12" AND SPLIT L.P. THEY ALSO GAVE SOME OF THEIR NEW SONGS OFF THEIR FORTH-COMING SINGLE AN AIRING. I ONLY HAD TIME TO SEE ABOUT 10 MINUTES OF MAXIMUM SECURITY, BUT WHAT I SAW WAS EXCELLENT. WITH A TUNEFUL INTRO BEFORE BURSTING INTO 'GAIN THE INSIGHT' THEY GOT A FEW FOLK UP STRUTTING THEIR STUFF.

DAN-WHERE HAVE ALL THE CHILDREN GONE? (MEANTIME)

AFTER THEIR EXCELLENT E.P. I WAS EXPECTING ANOTHER PIECE OF CLASSIC VINYL AND I WASN'T LET DOWN. THEY SEEM TO BE GETTING MORE SERIOUS WHICH SUITS ME FINE AND ITS ONE SUCH SONG WHICH STANDS OUT FOR ME, 'THE CULL' IS A BIT SLOWER THAN REST OF THE L.P. WHICH COULD BE DESCRIBED AS MUSICAL THRASH, I SUPPOSE. IT SHOULD BE IN THE SHOPS NOW SO GET IT! 9/10

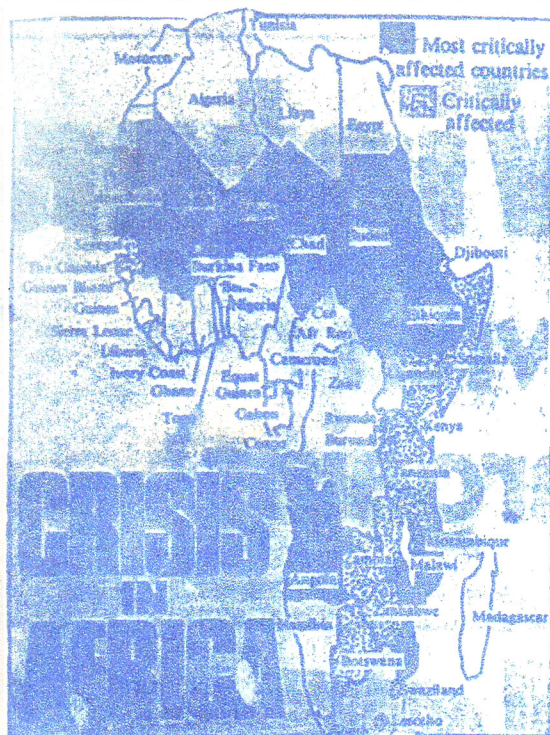

VARIOUS-DIGGING IN WATER (MANIC EARS)

LOTS OF BANDS ON THIS, 17 IN FACT. BEST ARE DISORDER, VICIOUS CIRCLE, ELECTRO HIPPIES, EXTREME NOISE TERROR AND OI POLLOI. OH YEAH THE DEPRAVED(NOW, VISIONS OF CHANGE) ARE QUITE GOOD AS WELL. THE PRODUCTION OF SOME SONGS IS BIT DODGY, ESPECIALLY POTENTIAL THREAT BUT OVERALL ITS QUITE GOOD. CHAOS UK TOTALLY RUIN THEIR OWN SONG THE OLD FAVOURITE 'KILL YOUR BABY'. OTHER BANDS ON THIS ARE RIPCORD, BAD DRESS SENSE, THE STUPIDS(NO COMMENT) AND A BAND CALLED DOCTOR AND THE CRIPPENS WHO HAVE A HUMOUROUS SONG ABOUT MICHAEL PARKINSON! THE BACK COVER HAS A LUDICROUS PICTURE OF A GUY ON A SKATEBOARD WITH THE MESSAGE 'HARDCORE' ABOVE IT. TRENDY, EH? 7/10

CULTURE SHOCK-REALITY STOP NO. 44 (DEMO)

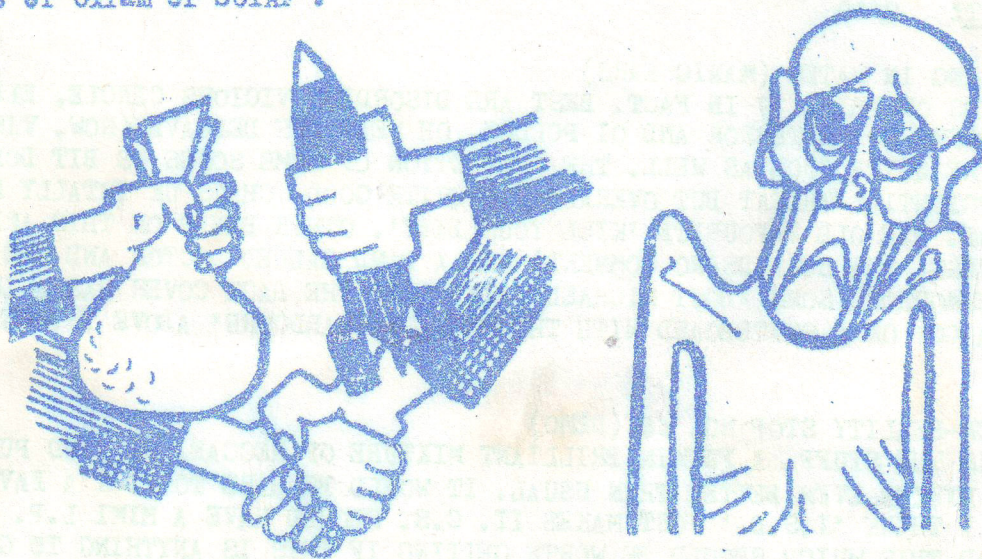

YEAH! THIS IS THE STUFF. A FUCKIN BRILLIANT MIXTURE OF REGGAE, SKA AND PUNK, WITH DICK'S LYRICS EVEN BETTER THAN USUAL. IT WOULD BE HARD TO PICK A FAVOURITE HERE THOUGH I THINK 'I.S.D.' JUST MAKES IT. C.S. SHOULD HAVE A MINI L.P. OUT BY THE TIME YOU READ THIS WHICH SHOULD BE WORTH GETTING IF THIS IS ANYTHING TO GO ON. 10/10 £1.50 & S.A.E. FROM 2 VICTORIA TERRACE, WARMINSTER, WILTSHIRE.

I would like to thank Johnny A for the above reviews. He does a great zine called SKULL & CROSSBONES, number 4 out at the moment though if you havn't got number 3 yet I'd get that as well if I were you, 10p for number 3 and 20p for number 4 (cause it's A4) Write to John A at 5BELLAFIELD AVE-BALKEITH-MIDLOTHIAN EH22 3JT

The famine in Africa is 'nt over , even though it does' nt make worldwide headlines anymore it's still there . Now that everyone has paid their £1, 60 for their Band aid single and watched the Liveaid gig , their consciences are clear . Now they've done their part fer world hunger the famine is forgotten . Well here's news fer you THE FAMINE IN AFRICA IS NOT OVER . So many punx nowadays are vegetarians / vegans and believe in animal rights , well what about human rights . These people t hrough no fault of their own are dying of malnutrition craving for the day to day morsels we take for granted The crisis in and around Sudan is enormous , it has in ternational debts which have topped over 12 billion pounds . It makes only 800 000 pounds on it's exports . It is being torn apart by a civil war between the christian south and the meslem north . This religious war costs upwards off 1000000 pounds a day to fight . Peep le flee from the war torn south to the Sudan capital K hartoum , where they're are no adequate shelters er je bs . Children are forced onto the streets , where they take part in prostitution , theft and begging to try a nd raise money to feed their family's . Also it is esti mated that around 1 000 000 people from Tigray , which

is a province of Ethiopia bordering on Sudan have fled across the border as refugees , to e escape the war and famine there . Only to come into a country which cannot adequately feed and house their own Sudanese population . At least these people who have fled from Ethiopia are able to qualify for refugee status . This means that the UNITED NATIONS HIGH COMMISSION FOR REFUGEES can try to help , but for the people of the south Sudan who have fled to Khartoum cannot qualify for refugee status . Even though they have been forced to flee from their homes and leave all possessions behind them , they still live in their mother country . The only hope for a brighter future is to end the civil war . This would firstly put the country in a better position financially which in turn could help to alleviate the suffering of thousands . But both sides in their religious hierarchy ignore this fact and still fight on in their selfish , petty grasp for power . There is not much we can do , except give money to the likes of Oxfam or SCIAF .
