Read the text and answer the questions:

Egypt has many artifacts. There are many reasons for that. One reason is the climate. We have a hot, dry climate here in Egypt, so artifacts aren't damaged by cold and wet weather. This helps to preserve them. The Ancient Egyptians also knew that certain materials could last a long time. That's why they built the pyramids with granite, a very hard and durable stone . They also used gold because it is valuable and durable . When they covered artifacts with gold, they kept them in a good condition.
